

IMPERIAL COINS

TERMS AND CONDITIONS

1. Condition

The Submitter acknowledges that all coins submitted must meet uncirculated condition guidelines. Imperial Coins will inspect the coins to confirm the condition prior to rolling. Any coins that do not meet the required uncirculated condition will be rejected and returned to the submitter. Standard service fees will still apply.

2. Consistency

The Submitter acknowledges that all coins submitted in bags or rolls (other than Cotton & Co branded rolls) need to be matching in date and design. Imperial coins will inspect the coins to confirm they are consistent prior to rolling. Any coins that are not consistent will be rejected and returned to the submitter. Imperial Coins will provide replacement coins at the current market value, if available and requested by the Submitter. Standard service fees will still apply.

3. Additional Fees

An additional fee of \$10.00 per roll will be charged if the coins submitted require Imperial Coins to remove them from packaging; for example; mint sets and security rolls.

Any coins that need to be manually hand fed will incur a premium of \$35 per roll. Please see the Imperial Coins website for a list of these coins.

4. Processing Time

The estimated processing time is 10 business days. Please allow additional transit time if you choose to have your order posted.

I acknowledge that I have read and agree with these Terms and Conditions.
